

ATTENDANCE REPORT CARD

National Assembly of Pakistan

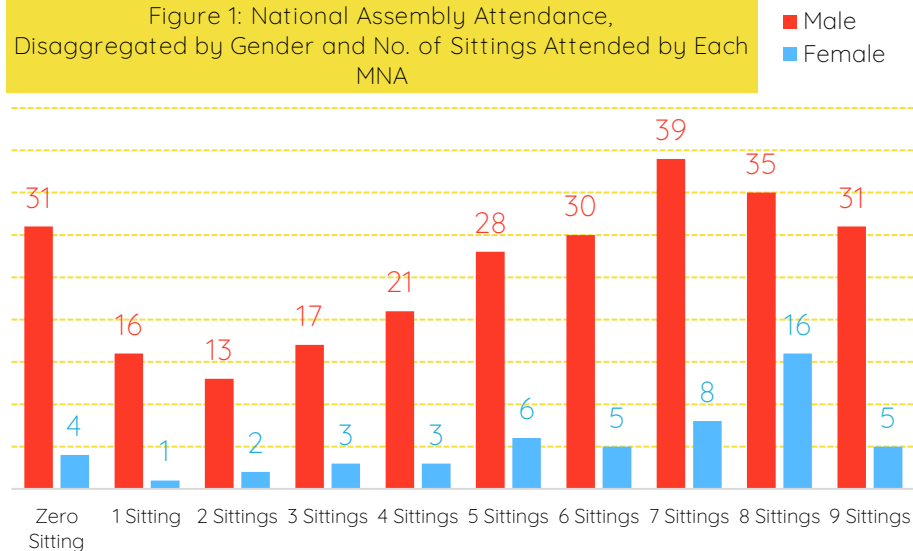

Session **12**
Parliamentary
Year 1

January 13 -23, 2025

As many as 36 (11 percent) Members of the National Assembly (MNAs) attended all sittings, whereas 35 (11 percent) did not attend any sitting during the 12th session of the National Assembly that spanned over nine sittings between January 13 and 23, 2025. Following chart shows the gender-disaggregated number of lawmakers grouped by the number of sittings they attended during the reporting session:

Figure 1: National Assembly Attendance, Disaggregated by Gender and No. of Sittings Attended by Each MNA

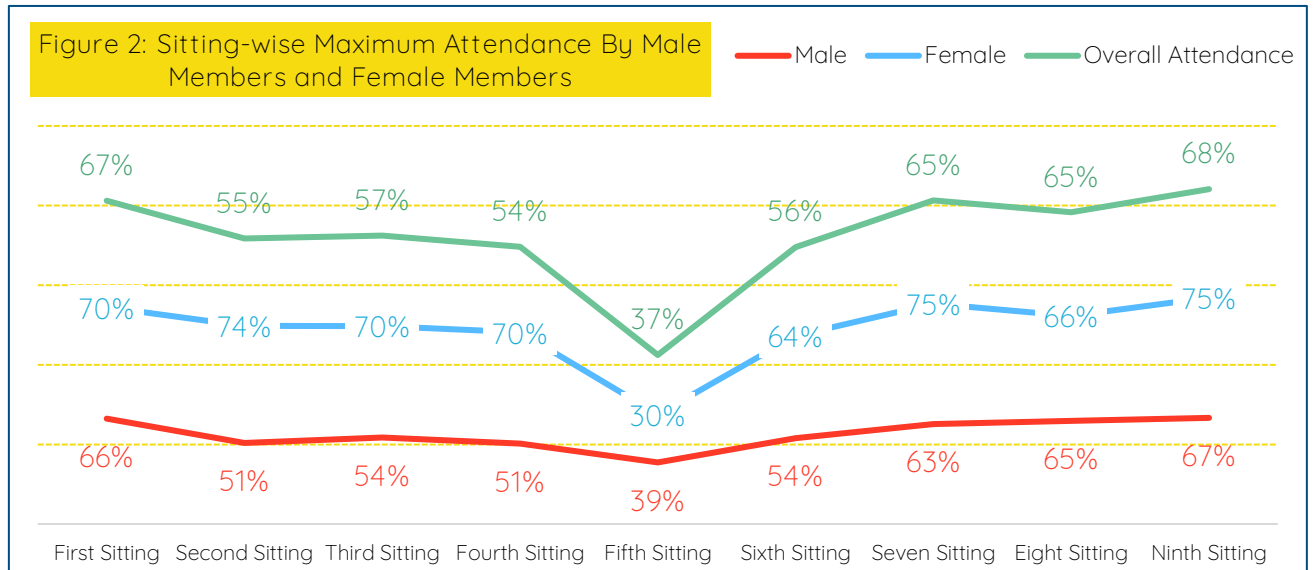

KEY HIGHLIGHTS

- The ninth (last) sitting had the highest number of MNAs (241 or 68 percent) present during the session.
- The fifth sitting had the lowest number of MNAs (117 or 37 percent) present.
- MNAs from ICT were more regular than MNAs from other regions as all of them attended the entire session.
- As many as 277 MNAs (82 percent) skipped at least one sitting during the session.
- As Many as 96 MNAs (35 percent) submitted applications for leave of absence during the session.
- As many as 181 MNAs (65 percent) skipped the House proceedings without any formal leave application in advance.
- Among the ministers, the Federal Minister for Housing and Works was the only one to have attended all (100 percent) sittings.
- Prime Minister attended two (15 percent) sittings while the Leader of the Opposition attended all (100 percent) sittings.

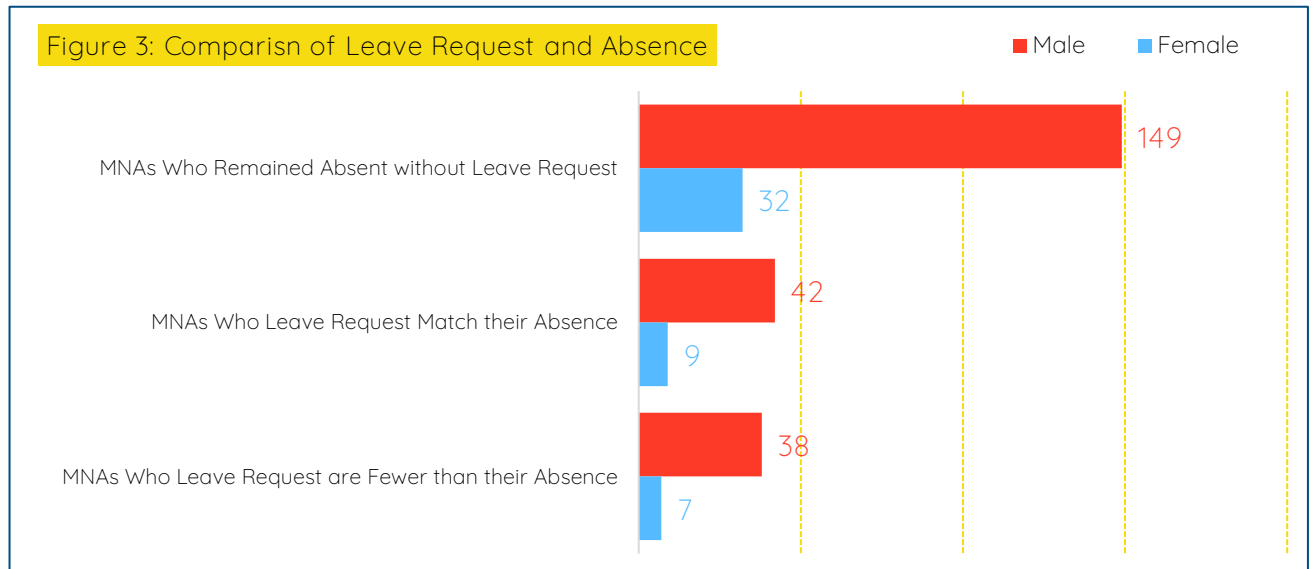

The attendance pattern fluctuated throughout the session, with female members consistently recording higher attendance than their male counterparts. The highest attendance was observed during the last sitting, with 214 members present, accounting for 68 percent of the total membership. During this sitting, the House passed the Prevention of Electronic Crimes (Amendment) Bill, 2025, brought through the supplementary agenda. Conversely, the lowest attendance was recorded during the fifth sitting, with only 117 members present, representing 37 percent of the total membership. The sitting had to be adjourned after 33 minutes due to lack of quorum pointed out by a lawmaker belonging to SIC party. Figure 2 illustrates the gender-disaggregated attendance across the sittings.

181 MNAs skip sittings without advance leave

An analysis of the attendance and the leaves applications read during the proceedings reveals that 277 members—88 percent of the current strength—missed at least one sitting during the current session. However, only 96 of them (35 percent) submitted an application seeking leave from the House for their absence. Amongst these 96, 33 applied for leave in advance while 36 applied ex-post facto after returning from their leaves. Moreover, the leave applications of 27 MNAs were read on a day falling in the middle of their period of absence. The remaining 181 members (65 percent) skipped sittings without submitting any advance application. Even

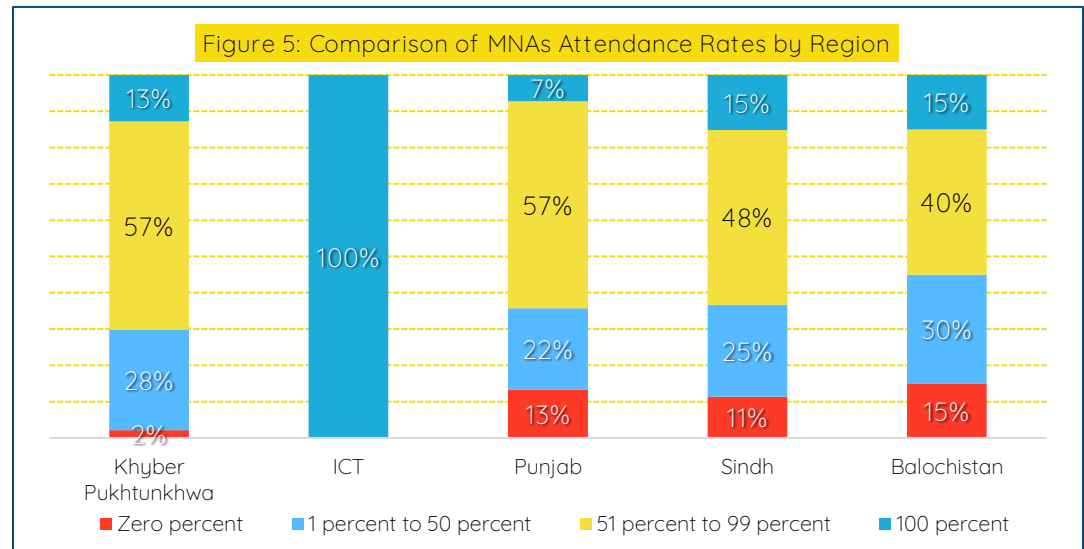

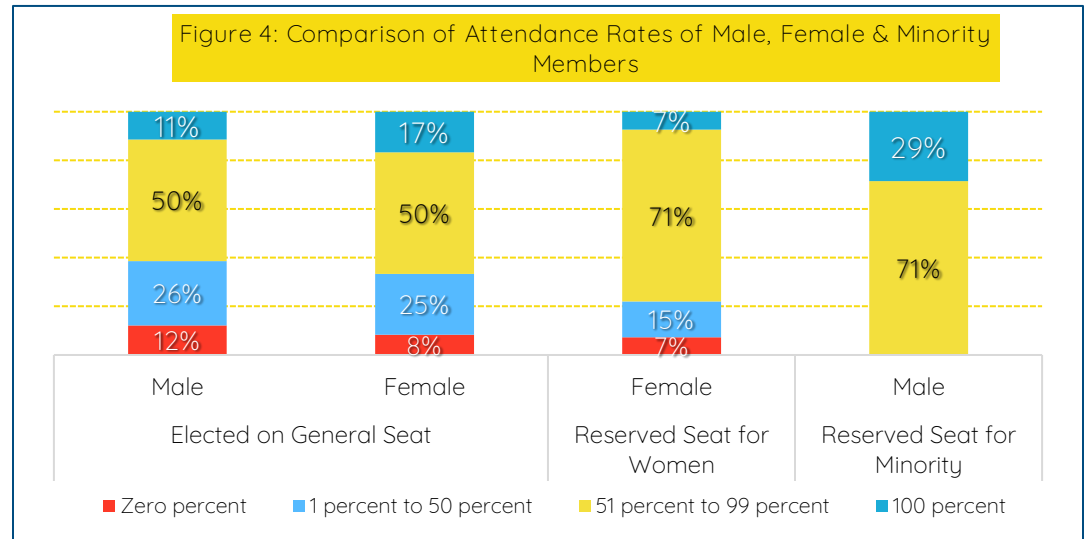

among those who did apply for leave, only 51 members (53 percent) sought approval for the entire duration of their absence, while the remaining 45 (47 percent) were absent for a longer period than the number of days for which they had requested leave. As many as nine MNAs also applied for leave of the House for staying absent during the previous session(s).

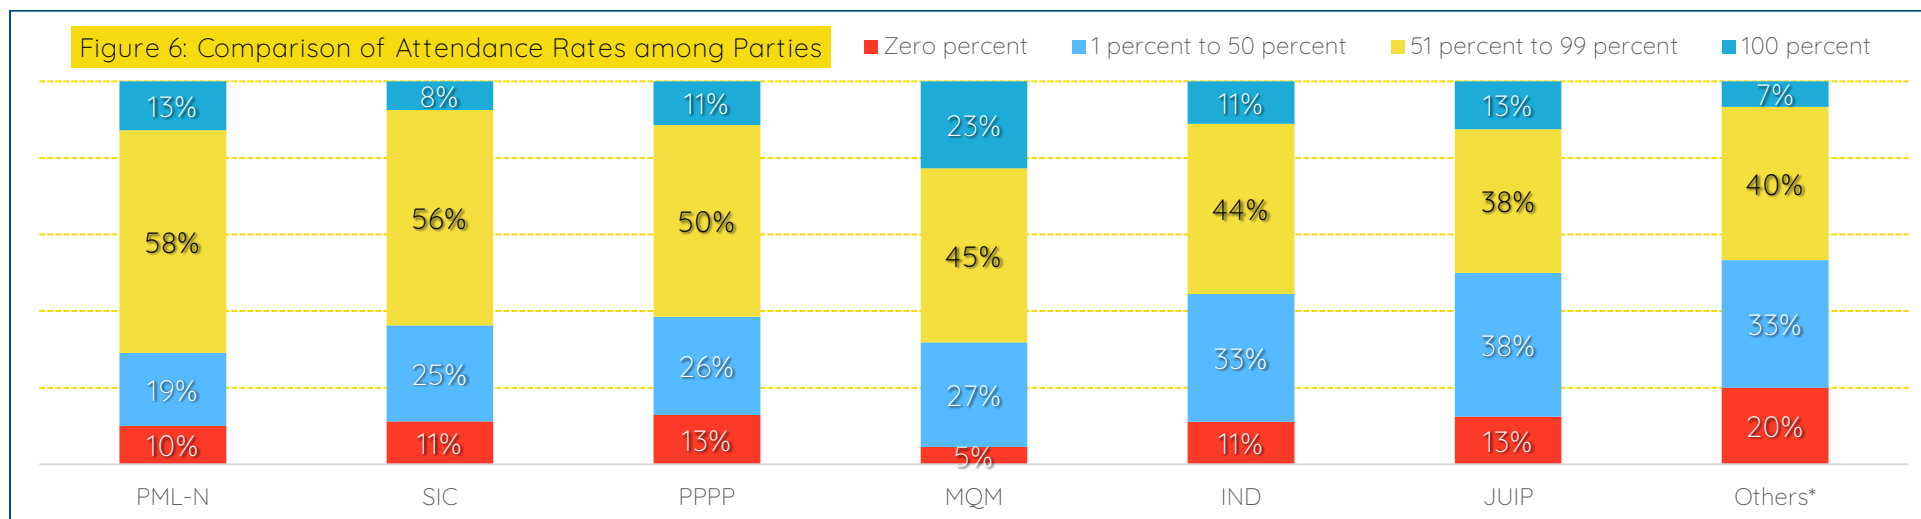

Seat-wise data reveals varying trends in attendance. Only five (nine percent) female MNAs, three on reserved and two on general seats, attended all sittings, while 31 (11 percent) male MNAs attended all sittings. However, three (seven percent) out of 41 female MNAs on reserved seats had zero attendance. Nine female MNAs attended less than half of the sittings, while 29 women on reserved seats attended more than half, including the three MNAs who attended all sittings. All seven minority members attended more than half of the sittings, including two lawmakers who attended all sittings. Among male MNAs elected on general seats, 31 did not attend a single sitting, whereas 67 attended less than half of the sittings. In contrast, 157 lawmakers attended more than half of the sittings during the session, including the 29 MNAs who attended all sittings. Male MNAs' attendance showed a slight improvement compared to previous sessions. Figure 4 provides a comparison of attendance rates disaggregated by seat type and gender.

Regionally, MNAs from the Islamabad Capital Territory (ICT) demonstrated higher attendance compared to other regions. All three MNAs from ICT attended all sittings. Additionally, 33 MNAs (70 percent) from Khyber Pakhtunkhwa attended more than half of the sittings during the reporting session, including six who attended all sittings. Similarly, 106 MNAs (64 percent) from Sindh, 50 MNAs (63 percent) from Punjab, and 11 MNAs (55 percent) from Balochistan attended more than half of the sittings (these statistics include members who attended all sittings). A region-wise comparison indicates an improvement in attendance compared to the previous session. Figure 5 provides a detailed breakdown of attendance rates by region.

Political parties show varying attendance trends

The majority of lawmakers from Pakistan Muslim League-Nawaz (PML-N), Pakistan People’s Party Parliamentarian (PPPP), Sunni Ittehad Council (SIC), and Balochistan Awami Party (BAP) attended more than half of the sittings. The sole lawmaker from Balochistan National Party (BNP) did not attend any sittings. Other parties with only one member, including National Party (NP), Pakhtunkhwa Milli Awami Party (PKMAP), and Pakistan Muslim League-Zia (PML-Z), each attended more than half of the sittings, while the Majlis-e-Wahdat-ul-Muslimeen Pakistan (MWMP) lawmaker attended all the sittings. Figure 6 shows the attendance rates categorized by parliamentary parties.

Other include all parties with fewer than eight MNAs i.e. BAP, BAP, BAP, BAP, NP, PKMAP, PML, PML-Z. BNP's sole lawmaker has announced submitting his resignation, which is yet to be official accepted as the National Assembly website currently shows him as a member.

Lack of ministerial presence weakens legislative oversight

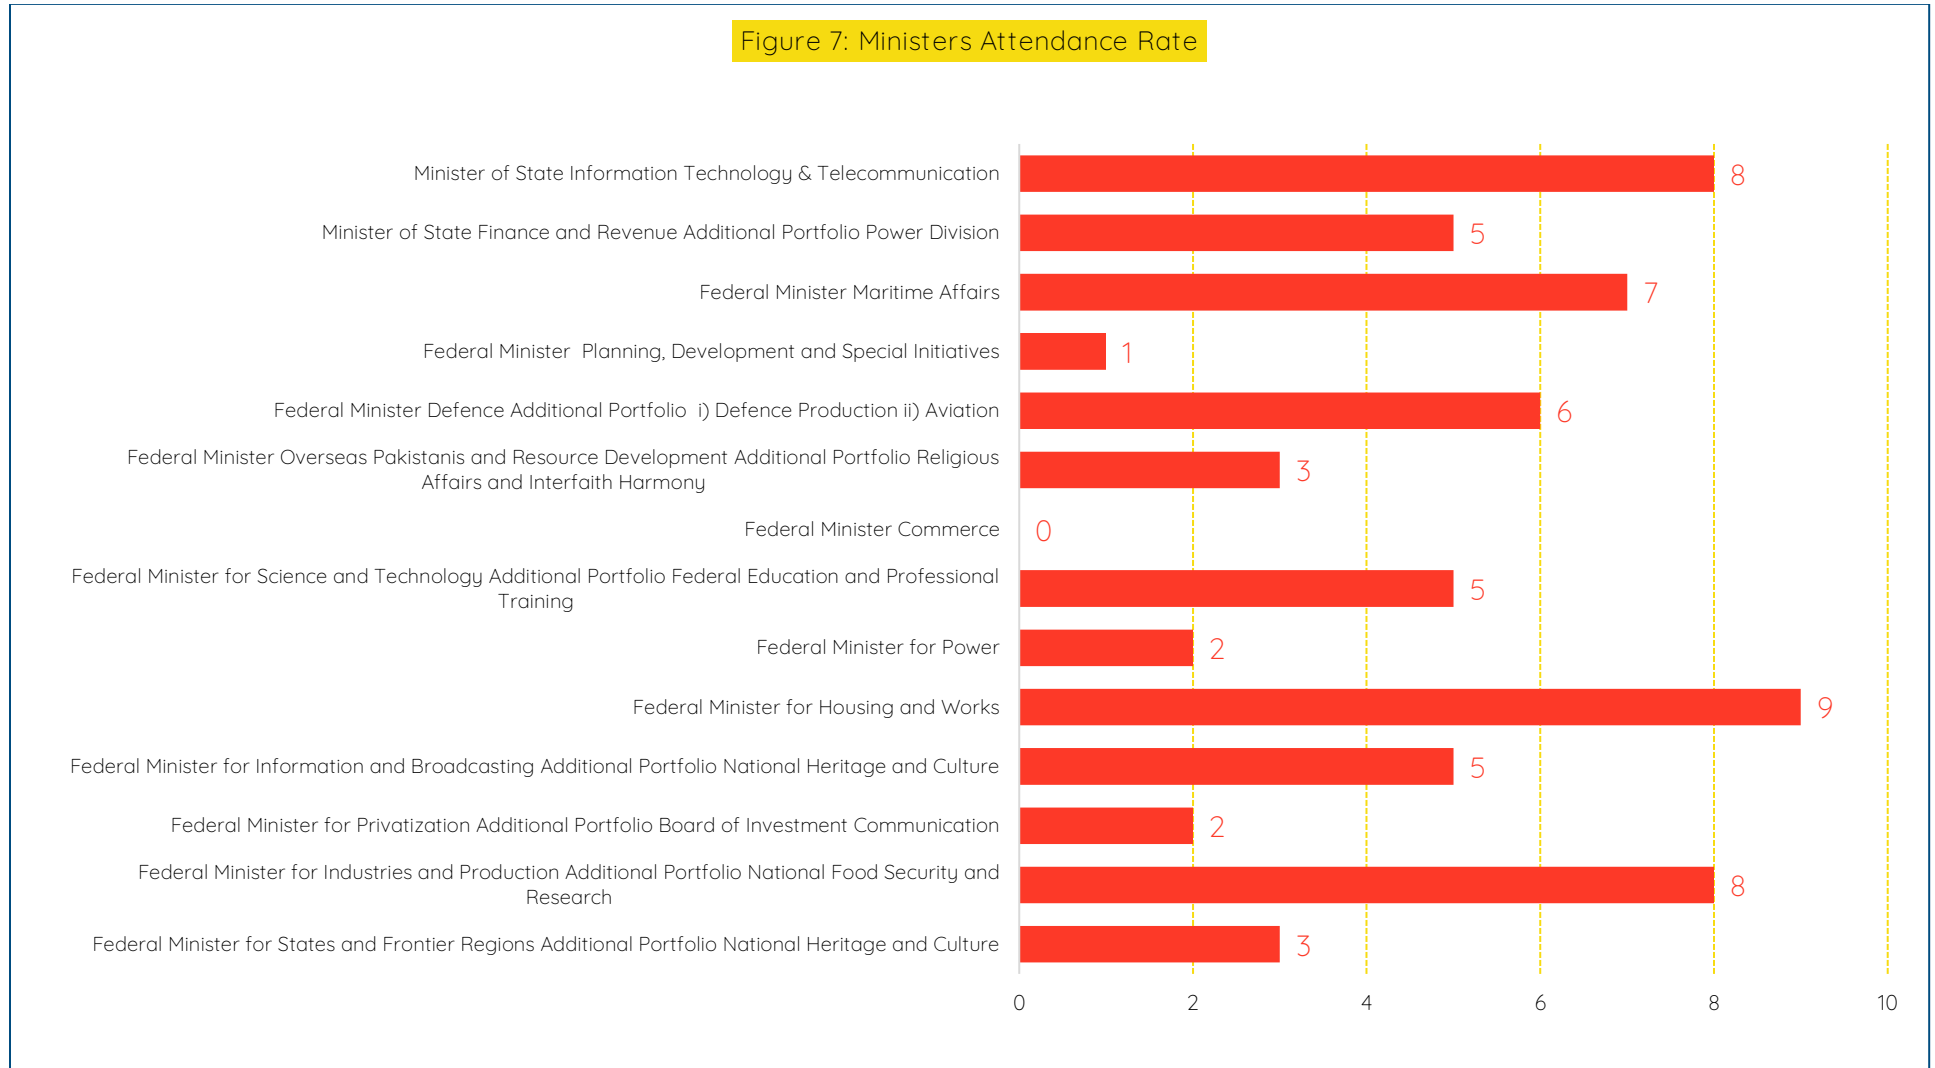

Among the 18 Federal Ministers and two Ministers of State whose presence was expected during Question Hour to respond questions related to their ministries, only six attended all the sittings where their presence was expected, while five did not attend any. The remaining ministers attended at least one of the sittings where their presence was expected. In their absence, another cabinet colleague or the Parliamentary Secretary concerned responded to questions on their

The incumbent cabinet comprises the Prime Minister and 18 Federal Ministers including 12 MNAs and six Senators. The cabinet members from the Senate are not ordinarily required to attend the Assembly’s session unless there’s an agenda item pertaining to their ministry. In addition to the federal ministers, as many as two MNAs hold the office of the Ministers of State and 30 of the Parliamentary Secretaries of various ministries.

behalf. The Federal Minister for Housing and Works had the highest attendance, participating in all sittings. This was followed by the Federal Minister for Industries and Production, who also holds additional portfolios for National Food Security & Research, and the State Minister for Information Technology & Telecommunication, each with 89 percent attendance. The Federal Minister for Maritime Affairs followed closely with 78 percent participation in the House. Figure 7 shows the number of sittings each MNA minister attended during the session according to official attendance records available on the National Assembly website.

Figure 7: Ministers Attendance Rate

Key Members Attendance

Parliamentary Leaders Attendance

The Attendance Report Card of the Members of the National Assembly of Pakistan is an initiative by the Free and Fair Election Network (FAFEN) aimed at promoting transparency and accountability by making the performance of elected representatives accessible to the public. Their attendance serves as a key indicator of their commitment to legislative responsibilities, including representing their constituents, contributing to policy debates, and holding the government accountable.

This report presents a detailed analysis of MNAs' attendance during the plenary sittings of the National Assembly's 11th session, held from January 13 to January 23, 2025. It provides insights into attendance trends across regions, political parties, and gender, highlighting levels of engagement among lawmakers. The report relies on the verbatim debates for leave records of MNA.

Since 2010, FAFEN has been systematically observing and reporting on the plenary proceedings of the federal Parliament and Provincial Assemblies. These efforts have significantly contributed to enhancing parliamentary transparency and strengthening the connection between citizens and their elected representatives, fostering a more inclusive and accountable democratic process.
